

PRESSA PNEUMO-IDRAULICA DA 50 TON
50 TONS AIR HYDRAULIC PRESS

Cod. 03.031.37

PRESSA PNEUMO-IDRAULICA DA 50 TON

per officine meccaniche auto, moto, macchine agricole, manutenzione industriale

50 TONS AIR HYDRAULIC PRESS

for mechanical workshops for auto, moto, agricultural machines, industrial maintenance

- Capacità: 50 ton
 - Corsa pistone: 180mm
 - Avanzamento max 6 mm a colpo
 - Min. distanza operativa: 280 mm
 - Max. distanza operativa: 1100 mm
 - Pompa pneumo-idraulica, con comando anche manuale (pedale a richiesta)
 - Pistone mobile
 - **A:** Coppia piastre in acciaio con intaglio a "V"
 - Dimensioni imballo: 1980x880x360 mm (pressa smontata)
 - Peso netto/lordo: 241/261 kg
- Capacity: 50 tons
 - Piston stroke: 180mm
 - Feed max 6 mm per stroke
 - Min. working distance: 280 mm
 - Max. working distance: 1100 mm
 - Air hydraulic pump, with handle (pedal on demand)
 - Moving piston
 - **A:** Pair of steel plates with V-carving
 - Package dimensions: 1980x880x360 mm (pressa smontata)
 - Net/gross weight: 241/261 kg

I particolari che fanno la differenza

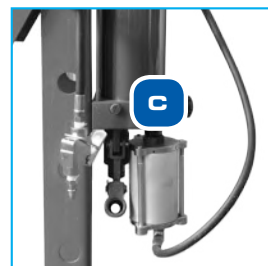

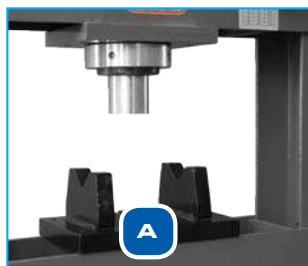

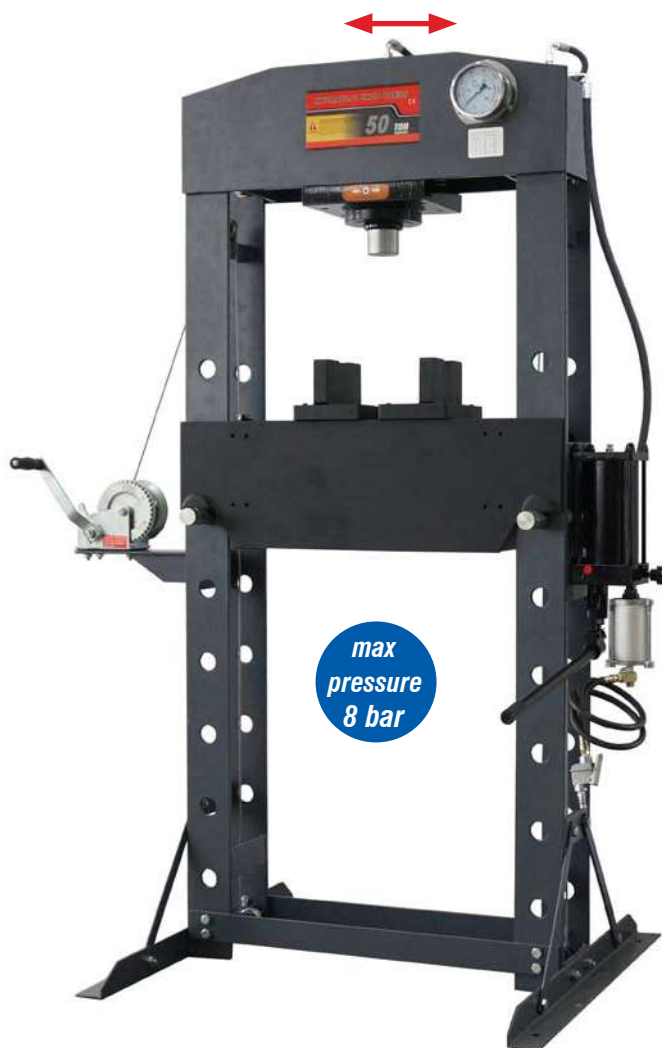

B: Pistone mobile, manometro incassato nel corpo della macchina

C: Pompa pneumo-idraulica e comando manuale con leva

The details that make the difference

B: Mobile piston, pressure gauge built-in in the body of the machine

C: Air hydraulic pump and manual control with lever

CORREDO A RICHIESTA • OPTIONAL EQUIPMENT • BAJO PEDIDO

Cod. 03.031.40

SET PUNZONI E PIASTRA X PRESSA 50T
SET PUNCHES AND PLATE X PRESS 50T

Serie di 6 punzoni in acciaio C40 per estrazione cuscinetti/boccole

Set of 6 punches in C40 steel for removing bearings/bushings

Piastrone per smontaggio cuscinetti/boccole
Large plate for removing bearings/bushings

Flange estraibili
2 coppie: Ø35-50mm / Ø50-75mm
Extracting flanges
2 pairs: Ø35-50mm / Ø50-75mm

Cod. 03.031.36

COMANDO A PEDALE PER PRESSA 50T
FOOT CONTROL FOR 50T PRESS
